* Contains recycled content, pending SCS certification

 These colours have been certified by SCS Global Services to have one of three minimum levels of pre-consumer recycled material: 6%, 10%, or 14%.

Colours with letter **D**: made with Deep Colour Technology™. Colours with letter **E**: available in Fire Retardant grade (Euroclass B, s1, d0) for exterior cladding applications. Colours with letter **K**: for applications in kitchens and other environments with intense/heavy use (only less noticeable marks may appear and be visible under specific lighting conditions). Colours with the : contain recycled material.

Corian® Solid Surface Calacatta Greige (worktop and routed sides and splashback) and Corian® Solid Surface Cameo White (integrated sink)

FEATURES & BENEFITS

HYGIENIC & EASY TO CLEAN: A smooth, nonporous finish prevents liquids from penetrating the surface, making it easy to clean with soap and water while leaving no place for bacteria and mould to take root.

REPAIRABLE & RENEWABLE: Designed to withstand daily wear and tear to maintain a stunning appearance for many years. Scratches, chips, and damage can also be repaired to make every surface look like new.

DESIGN FREEDOM: Easily cut, drilled, backlit, and thermoformable for moulding organic or linear shapes to provide endless adaptability for infinite design possibilities.

SOFT & WARM: A unique feeling of sensorial touch and lighting effects for your design concepts. Pleasant and smooth to the touch with its silk-like surface, adapting itself to the climate of the environment.

SUSTAINABLE: A low-VOC material that is free of dangerous chemicals and supports better indoor air quality. A selection of colours also contains recycled content, and our manufacturing facilities are zero waste to landfill.
